EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Jason Feldmar on 5/30/2006.

3. The application has been amended as follows:

For claim 36, at the last line, delete ".", and add "; wherein the data point is acquired after the cursor remains near the data point for an acquisition pause time."

Cancel claim 37.

4. The following is an examiner's statement of reasons for allowance:

As per claims 1, 13, 24, 35 and 36, the Board of Appeal determined the "pause time" is more than the processing time of Venolia's system; and Kimble's teaching is activation of a function represented by an icon or object which is not an acquisition process of a data point on a drawing object as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
